Amchem Products Pvt. Ltd

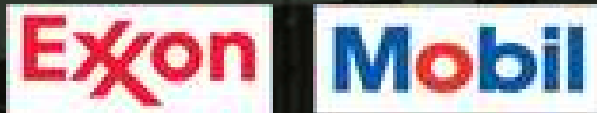

Company Profile

5th May 2025

Our Beginning: 1993

About Us

- ❖ Established on 17th May, 1993
- ❖ Acquired initial technology for Purethane® 386/9000 outright from *Exportech Inc, USA*
- ❖ Purethane® 386/9000 has the longest and most extensive track record, applied on millions of square meters of steel & concrete substrates.
- ❖ Trusted by Fortune 500 companies and international governmental bodies.

About Us

The Present: 2025

- ❖ State-of-the-art **ISO-9001, 14001 & 45001** certified facilities with a capacity of **9.0 million litres** per annum, single shift. **5X** expansion underway at Plant 2.
- ❖ Industry-leading product line
 - **Purethane** → PLX, NXT, NXT-SIP, NXT-HE, NXT-321, ETF, FLX, FLX Plus, FLX Plus HB 10/15/20
 - **Drythane** → Standard, 400 HE, 600 HE, Aliphatic 65D
 - **Amshield Deck** → PD, HE1, HE2, Aliphatic 80D
 - **NoBlast** → Pipe Joints, Rehabilitation
- ❖ Exceeding international standards
 - AWWA C222 | BIS 16719
 - EN 15655 | 15189 | 10290 | ISO 24131-1
 - ISO 21809-3
 - WRAS UK | BS 6920 | SS 375
 - ACS France, NSF 61, EPAL
- ❖ Exporting more than 50% of production.
- ❖ Govt. Of India recognized **Star Export House**

35+ Years Experience With 100% Solids Polyurethane

The Founders

Know more about our journey!

Unwrapped Wishes is a book about how a retired Army colonel and his boys created a world-class company, Amchem, with zero capital and no business background. Written in easy-to-read language, it provides deep insights for first-generation entrepreneurs and people embarking on other careers.

But Unwrapped Wishes is more than just a business memoir. In a compelling annexure, the author steps beyond his personal journey to confront the pressing issues shaping our society today. Drawing on vivid allegories—like that of "The Emperor's New Clothes"—he examines how pride, deception, and institutional complacency have warped our political, economic, and social landscapes and offers suggestions on how changes can be made. In a sense, that is an Unwrapped Wish for humanity.

Largest Polyurethane Coating Projects in the World

100,000,000 *sq. ft*

of material supplied since 1993

- 1,000 Kms of Large Dia MS Pipe
- 1,500 Kms of Ductile Iron Pipes

❖ Singapore NEWater Project

2.2m X 86 Kms Water Pipe

❖ Karnataka Kolar Valley

2.4m X 120 Kms Wastewater Pipe

❖ MJP Solapur Water Supply

1.3m X 110 Kms Water Pipe

❖ Pipeline Rehabilitation

400 Kms - 6,421,995 Sq.Ft

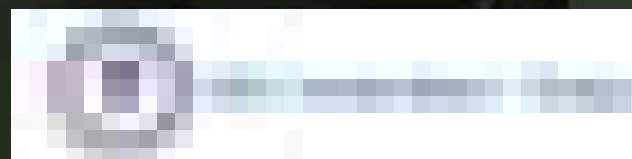

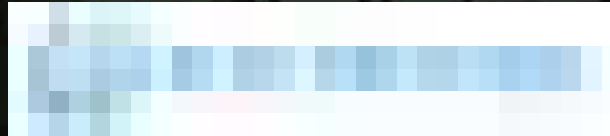

❖ Mounded Bullets

132 Projects - 4,564,491 Sq.Ft

❖ Power Station Cooling Tower

Over 5,000,000 Sq.Ft

2017 Timeline

2017

2017

Equipment Supply – 2K Spray

Proven track record: 30 + years, 2,500 km of carbon-steel & ductile-iron pipe, and millions of m² of other substrates coated.

Single-source accountability: consistent, first-pipe-to-last quality.

Best-in-class hardware: Graco proportioning & feed pumps for unmatched accuracy, durability, and uptime.

Proprietary automation: Amchem-built valving manifolds, recirculation loops, auto-spray guns and control panels—ideal for large-diameter internal linings and snap-set external coatings on skew conveyors. Retrofitting/upgradation available for Purethane coating customers.

Quick ratio changes: economical 2.0: 1, 2.5: 1 or 3.0: 1 mixing, no costly re-engineering.

.Rapid spares & expert support: parts and know-how when you need them.
