

INTRODUCING AMCHEM: ADVANCED POLYURETHANE SOLUTIONS

Dear Sir / Madam,

Greetings from Amchem Products Pvt. Ltd. and Unique Construction Chemicals.

Amchem is a global pioneer in two-component (2K) polyurethane coatings, backed by over 30 years of expertise and some of the world's largest coating projects. We are pleased to introduce its advanced systems for your ongoing and upcoming projects.

DRYTHANE | ADVANCED WATERPROOFING SYSTEMS

Drythane Ultimate Combo is a high-performance, solvent-free hybrid polyurea-polyurethane membrane for exposed and concealed waterproofing, engineered for superior durability and long-term protection.

AMSHIELD | INDUSTRIAL FLOORING SYSTEMS

Amshield is a 100% solids, two-component polyurethane flooring system for parking decks, industrial floors, clean rooms and other high-performance environments.

AMCHEM AT A GLANCE

Among the three oldest manufacturers globally in 2K polyurethane coatings, with pioneering technology, premium products compliant with international specifications, and more than 70 million sq. ft. of coating material delivered worldwide.

WHY CHOOSE AMCHEM

Innovative, next-generation systems offer a strong competitive advantage. Robust R&D enables customized solutions; high-capacity manufacturing ensures fast, reliable supply; and complete application support covers equipment, troubleshooting and technical assistance.

A family-run organization built on strong values, long-term partnerships and ethical, transparent practices - promising only what it can deliver. All products are GreenPro Certified and proudly Made in India.

UNIQUE CONSTRUCTION CHEMICALS | SERVING THE MARKET SINCE 1987

UCC is the authorized sales and service company for Amchem Products Pvt. Ltd. in Coimbatore and Kerala. With extensive experience in waterproofing and industrial flooring since 1987, we offer practical support in system selection, project planning, application coordination and technical assistance.
